Dry-Redwater Regional Water Authority
Mike McKeever
Box 14
Jordan, Montana 59337

Dear Mike,

I am writing this letter to inform you that I own land in Section 9-23-43 and Section 16-23-43. I would be interested in selling enough land for your water treatment plant and ponds. I would be especially interested in any excess water to be used for livestock or irrigation. There is a power line on the east side of this property. I would strongly oppose any use of land that would interfere with our airstrip.

I am looking forward to working with you in the future.

Thank you in advance for your interest in this.

Sincerely,
Darlyne Dascher
